**HINTS FOR HOMEOWNERS**  
Here is an easy way to make 15 or 17 (3 tablespoons) borax, acid and dissolve in 1 quart of warm water. Rinse the clean, dry potholders in this solution after each washing. Wring, and leave to dry.

Institute, Guelph, Miss. 3 1/2 or 7 (3 tablespoons) borax, acid and dissolve in 1 quart of warm water. Rinse the clean, dry potholders in this solution after each washing. Wring, and leave to dry.

If you want to separate excess fat from drippings, try the way suggested by the Food and Nutrition Dept., U.S. Department of Agriculture. Pour the drippings into a tall cup, and place the cup in cold water. The fat will rise to the top and can be skimmed off. What remains will be the makings of good gravy.

Grated, hard-cooked egg yolks make a topping of surprise for spring salads and vegetables.

For soup with a difference, add a dash of salted vinegar to clear soup such as beef bouillon.

## HOUSEHOLD SCRAPBOOK

**Sandwich Filling**  
You can make a delicious filling for sandwiches with cold salmon, cream cheese and olives. Make a smooth paste of the cheese and salmon, and then add stuffed olives which have been cut in halves.

**Copper Cleaning**  
Copper can be cleaned easily and economically if it is rubbed with a half-lemon dipped in salt, then rinsed with hot water, and polished with a soft cloth.

## HOW CAN I ???

**By Anne Ashley**  
How can I darken some light tan leather articles, such as belts, shoes, and the like?  
A. By rubbing them with a cloth dipped in ammonia. This gives the leather a deep brown finish. Be sure, however, to apply the ammonia uniformly so that your finished job will not be spotty.

How can I remove those ugly brown staining stains that are prone to form on the glass partitions in refrigerators?  
A. These can be completely dissolved by full-strength peroxide on a soft cloth.

## Predicts light hay crop, blames backward spring

Agricultural Representative for the Department of Agriculture in Lindsay, LeRoy Brown predicts a drop in the hay crop volume this year. He says this is attributable to a late spring with unseasonable weather. "For the past few years Victoria County has had a bumper hay crop," he told "The Post," "but I don't believe farmers can rely on one this year."

He suggested that farmers who were concerned would still have time to plant oats until the middle of June, or could even grow up a used-up pasture field and plant an early hybrid type of corn. This, he said, would supply a fair amount of fodder by the end of August. The corn can be planted up until the end of June.

### Mrs. Martha Currins

After a lengthy illness, Mrs. Martha Currins passed to her eternal rest at the Ross Memorial Hospital, Lindsay, on June 21, 1961. She was the widow of the late Daniel Currin and lived all of her life in Ops township and Lindsay until the death of her husband five years ago when she went to live with her daughter and son-in-law, Mr. and Mrs. Hubert Elliott (Dore) and Mr. Elliott, Lindsay. Mrs. Currin was a member of Queen Street United, Lindsay, when living in Dundas.

### Funeral

The late Mrs. Currin is survived by one daughter, Mrs. Hubert Elliott (Dore) and two grandchildren Bill and Ron Elliott. One brother, Mr. John McLean of South Ops, also survives her.

Mrs. Currin was a member of Queen Street United, Lindsay, when living in Dundas.

## Major G. Dodd, Major J. Ferguson guests at Home League Supper

The Annual Supper of the Home League of the Salvation Army was held at the Citadel, Lindsay, with a very good attendance.

Special guests were Major G. Dodd, who has done much work in the Ministry and in the West Indies and Major J. Ferguson.

The tables were prettily decorated with blue candles with handsome vase of red and yellow tulips. A small blue woven rug of team rubber, was placed in a marshmallow and put in front of every place on the tables. There were made by Mrs. Rhodes, and Mrs. Stevens thanked her for all the trouble she had taken to make them. She was also thanked for all the hard work she had done to lay the tables so nicely. Mrs. Davis was also thanked for her share of the work.

Mrs. B. Stevens stated that she had received a letter from Mrs. J. Ferguson. Young for the scrap books which had been made and sent out to the Missionaries in South Africa. They were

## Lindsay staff attends Zeller's Orillia opening

Zeller's - the newest of Orillia's large stores, on Mississauga St., under construction for several months, was officially opened Thursday, June the first.

The company has announced the appointment of A. Howard Walsh, formerly of Peterborough, as Manager; assistant manager, Mr. Smith and Miss Goodman holds the post of personal supervisor.

On Thursday, girls from both the Peterborough and Lindsay stores traveled by bus to Orillia to aid in the store opening. Those attending the opening from the Lindsay store were: Mrs. Olive Mphie, Mrs. Marie Miller, Mrs. Marie Widdis, Mrs. Francis Durt, Mrs. Gertrude Chambers and Personnel Supervisor Mrs. Aileen Alsowood.

otherwise maidened children were neglected and suffered very much, but now they are being cared for under the teachings of the Missionaries.

## William A. Baker

On April 9, 1961, there passed away to his eternal rest, one who will be sadly missed and long remembered. In the person of William Alexander Baker.

The late Mr. Baker was born in West Gullford in 1885, the eldest son of the late Mr. and Mrs. Alex Baker, where he received his education.

While a young man he worked on his father's farm in the summer and in the winter. At the age of 21 he took up the blacksmith trade in Carleton Place with the late Richard Fry.

On March 23, 1910, he married Laura Curry of Carleton Place and moved to the farm of the late George Cramphorn, West Gullford.

He and his wife raised a family of children, and Mr. Baker farmed, lumbered and blacksmithed for half a century.

In 1928 he purchased a home and blacksmith shop from the late J. J. Lettice in Hallowell where he blacksmithed until the time of his death.

In 1941 he bought the home of Ernest Horvath and built himself a thirty-eight foot cabin business at which he and his wife worked side by side. Mr. Baker was a very devoted member of the St. George's Orange order for 52 years, and was also a member of the Canadian Legion.

He took a very keen interest in the affairs of the community and enjoyed all sports, especially hockey and all social gatherings.

Over the years many pleasant hours have been spent in Mr. Baker's shop by residents of Hallowell and the surrounding district, listening to his many interesting and amusing stories of days gone by. The clang of his anvil will long be missed, especially by those living in the eastern part of the village.

One year ago, he and Mrs. Baker celebrated their golden wedding anniversary.

Besides his wife, he leaves to mourn his loss two daughters and two sons, namely: (Leslie) Mrs. Wynne (Hazel) Mrs. Lloyd Whitaker, both of Toronto; (Carnal) of Victoria, B.C.; and Lloyd of Hallowell. Another daughter, Viola predeceased him almost three years ago. Five sons also survive: (Elia) Mrs. Walter Cravey, (Lina) Mrs. Thos. Lane, both of Hallowell; (Marjorie) Mrs. Thos. Roberts of Winnipeg; (Beta) Mrs. Ed. Higgins of Toronto; and (Lena) Mrs. John McIntyre of Saskatoon.

His only brother, Leslie, predeceased him November 21, 1956.

Twelve grandchildren and three great grandchildren also survive.

After a brief service at his late residence, the funeral service was held from the Hallowell United Church of which Mr. Baker was a very devoted member.

Rev. Geo. Petrie and Rev. Fairhurst spoke very comforting words in the bereaved and also delivered a special message to the crowded church of relatives and friends.

Fellow members of the Orange lodge were the pall bearers, namely: Roy Broden, Arnold Roberts, Lewis Roberts, Andrew Curry, Gordon Barr and Clifford Edstone.

The great profusion of flowers and the many donations sent to the Canadian Cancer Society in lieu of flowers were mute testimony of the high esteem in which he was held.

Interment was made in Evergreen cemetery north, Hallowell.

"This will be rather no more in the loved land of the blessed, Pain faded as he trod heaven's shore."

It left him at peace and rest.

**NOT SUCH A BAD IDEA...  
EDUCATIONAL**

According to reports coming out of Toronto where the Sunday movie experiment has had a trial run, it is a flop. Box office revenues are reported to have been lower than expected and were well below previous when Sunday movies became legal.

An might be expected, the idea created some complications. It was a surprise to find that the movie industry is not as big as it was once was. There are very few movie theatres in the city, and the few that are left are struggling to have a lot of ways of spending that money on the Toronto without resorting to the movie shows for entertainment.

In a dispute, apart from the labor problem, there is apparently a considerable controversy Sunday movie is apparently a very good idea. The people seem to be disappointed with the way of spending that money on the Toronto without resorting to the movie shows for entertainment.

To bring the matter of Sunday entertainment closer to home, Lindsay's business and industry council has decided to go so far as not produce any record-breaking crowds.

Maybe the majority of people are beginning to find the idea of a day of rest isn't such a bad one after all. **CONCERNING COUNTY COUNCILS**

Victoria County's Warden C. D. Hodgson, a man who has long been interested in the affairs of this county, has been concerned about potential discussion on the advisability of doing so. He has been particularly concerned about the fact that the county is not a municipality and is not a municipality. He has been particularly concerned about the fact that the county is not a municipality and is not a municipality. He has been particularly concerned about the fact that the county is not a municipality and is not a municipality.

Concluding with this quotation from Alexis de Tocqueville, the great French student of government within the municipality, "The municipality is the only form of government which is to science; they bring liberty within the people's reach; they teach them how to use and how to enjoy it." It is a very important statement. "That we see that in their establishment after the late Confederation in Canada 30 years and have proven their worth in the management of local affairs up to the present.

From a local standpoint, most of us are aware of the fact that the township government is not the only form of government which is to science; they bring liberty within the people's reach; they teach them how to use and how to enjoy it." It is a very important statement. "That we see that in their establishment after the late Confederation in Canada 30 years and have proven their worth in the management of local affairs up to the present.

**A BEAUTIFUL TIME OF THE YEAR**

It is likely everyone has heard the words at some time or another about the beauty of the season. It is indeed a beautiful time of the year. It is indeed a beautiful time of the year. It is indeed a beautiful time of the year.

A drive along any country road is packed with pleasant surprises during these days of nature's great re-awakening. It is only necessary for people who live in this district to travel a relatively short distance to see all the beauty which residents of other areas must seek farther than 200 miles from their homes. The drive from Lindsay will take the driver past roadside beds of white trilliums (the province's emblematic wildflower), beds of purple like trout lilies in bloom, and some of the country's most beautiful scenery. Although crime has increased everywhere in the past year, Britain can still claim one of the lowest crime rates in the world. No British has no national police, police can carry no arms and Scotland Yard, synonymous with successful crime detection, has no jurisdiction outside the London Metropolitan Area. The police force in 1980 was about 80,000 (including women) to serve a population of more than 50,000,000, or an average of one policeman for every 625 people.

There are 125 separate police forces in England and Wales—county, borough and combined forces; the London Metropolitan Police Force, which is responsible for an area of approximately twenty miles radius; the Charing Cross, but excluding the City of London—and the City of London Force. In Scotland there are 33 forces—county, borough and combined forces.

## Accidents Claim Two Lives In District

## Girl, 15, killed near Bobcaygeon

Two deaths are reported in the area over the weekend — one on the highway and a second by electrocution. Both occurred on Friday.

Maribeth Bell, 15, died shortly after she was struck by a car on Highway 36, about three miles east of Bayougeen, near her home.

Provincial police in Peterborough say the girl was walking across the highway, proceeding west, on the south shoulder. Her brother, Larry

aged 13, was with her at the time. They were conversing with occupants of a car parked on the opposite shoulder when an eastbound vehicle struck the girl, carrying her about 150 feet down the highway into the south ditch. Police identified the car as a 1971 Ford. John Sweeney, aged 17, of Alderbrook Drive, Don Mills.

The girls parents are owners of Meadow Springs Lodge, near Bayougeen.

## Attempt to reset hydro breaker fatal

Artificial respiration, although it was applied for three-and-a-half hours, failed to revive a Toronto man who accidentally received a 7200-volt shock over the weekend, near Rosedale.

Provincial police say Stefenson arrived at this cottage at Grand Island on Balsam Lake on Friday evening about 8:00 p.m. He was accompanied by his wife, Bertha, and a friend, Fred Kohn, also of Toronto.

Stefenson there was no hydro in the cottage, Mr. Kohn said. The cottage was about 100 feet behind the building, and was opened by the breaker switch and was not locked. He attempted to enter, but was unable to get in, he said. He called the fire department, but the fire arrived too late.

Stefenson was carrying 7200 volts.

Fenson Falls man was called when a flash fire occurred on a small trailer-type gasoline compressor in the village Saturday.

The compressor was owned by the J. J. McFarland Gas and Electric Company and was being used during operations for the village's new water system.

Firemen had the blaze extinguished in a few seconds with foam extinguishers, although the equipment sustained some damage.

Deputy fire chief Fred Brandon said it was the first time the department had actually

Fenelon Falls firemen were called when a flash fire occurred on a small trailer-type gasoline compressor in the village Saturday.

The compressor was owned by the H. J. McFarland Construction Company and was being used during operations for the village's new water system.

Firemen had the blaze extinguished in a few seconds after arrival using a foam extinguisher, although the equipment sustained some damage.

Deputy fire chief Fred Brandon said it was the first time the department had actually used foam within the village.

## BYLAW RE-NAMES PLANNING BOARD

Among the items slated to be dealt with tonight by town council, is a bylaw which will officially appoint the Town of Lindsay Planning Board.

The board is presently meeting under the title of the Lindsay and Ops Planning Board, although Ops officially withdrew about three months ago.

The regular notice sent out for the meeting, indicates a heavy agenda. Representatives of the high school board are to be present to discuss jointly with council, the high school's operations, there are several bylaws, and correspondence for three weeks back.

## Estimated \$9,000 loss in Pigeon Lake blaze

Total loss is estimated at \$9,000 in a fire which completely destroyed one cottage and badly damaged another.

The Onmeae Volunteer Fire Department was called at 6:45 p.m. Sunday to a cottage owned by Ross Moore on Pigeon Lake, about seven miles northeast of the village. On arrival they found the cottage owned by Mr. Moore already pretty well lost, and a nearby cottage, owned by Harold Cusack had already caught fire.

Valmay Taylor, second from the left in the picture above, placed third in the provincial finals of the big bicycle rodeo competition at Varsity Stadium, Toronto, on Saturday. Valmay placed first in the junior girls section of the Kinsmen Club's rodeo at Lindsay.

### Places third in finals, Lindsay girl prize-winner

A Lindsay girl—11-year-old Victoria Smith—was one of the 200 people in the provincial bicycle finals at Varsity Stadium, Toronto, on Saturday. She was one of the 100 cyclists who were given a set of bicycle lights and a speedometer at her school.

Valmoy, who has only been in Canada a short time after moving from the U.S., is teaching the 100 students of Miramichi, N.B., to ride. The girls apparently broke out of the crowd and were left to Toronto.

Chief McGill estimated the cost of \$7,000 for the Moore couple to help pay damage to the Cusack cycling team.

Adam Smith said: "The real price of everything, what everything really costs to the consumer, is the toil and trouble of acquiring it."

## Noticed along the way

THAT there has been considerable activity on the life of the late Sir Sam Hughes of Lindsay appearing in Maclean's Magazine. The article in that publication says he has never any reaction at his end. The article is reported to be viewed in a damaging light by many of the late warrior's acquaintances. The story has recalled several incidents connected with his life and death. One time generally agreed that his funeral attracted bigger crowds to Lindsay than any since before or since. As a matter of interest, the Canadian Legion Branch in Lindsay was named for him by the former.

# Rowlandson gets boiler contract

Reg. Rowlandson and Co., Ltd. of Lindsay, has been given the go ahead on the initial contract of a gas-fired boiler for Victoria County's court house. Lowest tender—\$15,842—the Rowlandson bid was tentatively approved. The meeting of the county's public committee but

# Bears and Bees

**'Bear-fair' honey thieves incur beekeeper's wrath**

An Onnesen beekeeper says he has had a painful action to take and discourage bears from seven hives he has been molesting his apiary north-west of Lindsay. He believes that a pair of bears could be at work - mother, father and two cubs. Although he has had a guard on the bears, they have been seen at the apiary yard which would probably continue this for some time until the middle of the colonies are the area. Mr. Burke has been hit by a platoon in the middle of the colonies and honey, (comb, bees and all) have, on which he is mounting and wrecked the frames for a guard every night.

# NOTICED... along the way

That Sunday of this week is Father's Day - the day Dad does it all. In the dithers, Henry Brock Solis of the Sportsman's Rest, south of Rosedale, says he is in plans to ensure that no father even runs the risk of having to wash or dry dishes on his special day. Brock says, "I am doing the same thing for fathers as I did for mothers this year on Mother's Day - putting on a special day-long dinner service so there will be no need for them to eat at home - the way I figure there will be no chance of Dad getting shortchanged on this special occasion."

Another affair which involves the culture of it is taking place on Saturday at Cedar Villa Lodge, Balsam Lake. The occasion is one of a series of weekend events planned to celebrate the first reunion of nursing graduates from the Ross Memorial Hospital. The first of nursing which started back in 1902 and closed out last year. The hospital's Nursing Alumni will conduct a registration at the hospital at 5 p.m. Saturday, there will be a tour of the new building and later the nurses will go to Cedar Villa by bus for a social hour, followed by a reunion dinner. On Sunday they will attend their own churches and reunite afterwards for a luncheon at Gray's Restaurant with the RMH Women's Auxiliary as hosts. Later Sunday afternoon there will be a dedication service for the chapel donated to the expanded Ross Memorial Hospital by the alumni.

were flattened by the combined force of the wind, rain and hail. Telephone connections and hydro service were temporarily disrupted in many communities.

In Kirkside—a delayed action is reported. Although the hydro remained on throughout the storm and all day Tuesday, it went off around 6:00 p.m. this morning and was off until noon hour today.

Lights may have been the cause of a fire which gutted a cottage at Drifwood House, just outside Kirkside. Volunteer firemen from the village received the alarm during the storm and had to comb the flames in the fast of whipping and torrential rain.

Approximately an inch of rain fell within an hour, flooding field, gardens, gutters and in some cases, basements. Residents kept a wary eye on the sky as the awesome clouds gathered and local businessmen were kept spending time as when and where the storm would hit hardest. Rain poured on Lindsay in torrents moments after strong winds fanned clouds of dust through the streets.

**Lindsay entry bids strongly for top teen driving title**

Ottawa-Bill Lyons of Lindsay, made a strong bid to copy the title of "top teenage driver in Ontario" when he competed against 58 other youthful candidates in the finals of a provincially-wide driving competition here last Saturday. First prize of the "Fast" trophy and a cash award of \$100 went to 19-year-old Paul Allen, Toronto, who clocked in 2:14 out of a possible 565 points.

The finalists had all previously won regional titles. In the deciding event for the Ontario and Canadian Mountain Police,

# Victoria County booming, Warden tells students

"Victoria County is booming—up of course, and how the representatives from 13 townships told about 40 school children from Sarnia-Towaship when they were visiting the council chambers today. The students represented the public schools in Kemptville, Duncarton, and Union Creek.

"There is a whole lot of future for Victoria County," continued Warden Hodgson, who reminded the pupils that the county was 100 years old this year.

After welcoming the school children and their teachers to the council chambers, Mr. Hodgson pointed out the main-

# Produces letters showing clients satisfied with water conditioners

The sales representative for a water conditioner company in this district has produced evidence to show that his customers are satisfied with the results they are getting.

John Vango, a Sarnia Water Conditioners of Canada, Ltd., Toronto, has shown that paper three signed letters from people who have bought a water softening unit from him. Typical of these is one from a Lindsay businessman which says in part: "Since receiving this unit, I have found it to be everything the sales representative promised it would be. It is a pleasure to use the Lindsay water after it has been softened by this conditioner. There is a large saving on soap, we do not use anywhere near the amount of soap we have always used. The water has absolutely no taste, it is directly due to the conditioner. I wish it to be known that I have absolutely no complaint with my purchase. Also, in participating in this contest, I find no justification in the fact that this conditioner is not what it is represented to be."

Mr. Vango says his company is a member of the Better Business Bureau, Toronto, and

## Buffalo Bisons find new star

The Buffalo Bisons' International League rivals are being warned to pay no attention to that 188 batting average which Don Miner brought with him from the Minnesota Twins. The 6-foot, 2-inch, 205-pound first-baseman from Huntsville, Ala., didn't hit major league piling too well but he exploded three home runs and drove in runs Tuesday night to lead the Bisons to a 13-1 victory over the Jersey City Jerseys.

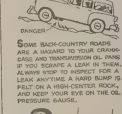

The win lifted the Bisons to within two games of the third-place losers and to within seven of first-place Charleston.

Miner hit a grand slam homer in the third inning, connected with one in the fifth and clinched a big night with a two-run shot in the seventh. He hit .906 in the fifth and clinched a big night with a two-run shot in the seventh. He hit .906 in the fifth and clinched a big night with a two-run shot in the seventh.

The Columbus Jets edged 5-3 in 11 innings and moved to within 2 1/2 games of first place and the Richmond Vir-

### MAJOR LEAGUE SUMMARY

The Cleveland Indians increased their American League lead to two games over New York with a 7-2 win over the Yankees last night. Detroit moved 13 percent closer ahead of New York by clubbing Boston 7-1. The Chicago White Sox beat the Los Angeles Angels twice, 2-1 and 6-2, Baltimore ignored Washington 8-7 and Miami defeated Kansas City 6-5. In the National League, Pittsburgh edged Cincinnati 3-2 and Philadelphia trimmed St. Louis 3-2. In a west coast affair, San Francisco beat the Los Angeles Dodgers 4-3.

### PLAY DOUBLEHEADER FOR SECOND STRAIGHT NIGHT

The Chicago White Sox and Los Angeles Angels play a two-night doubleheader for the second straight night in their American League action. Boston is at Detroit for the lone day game. At night, Washington is at Baltimore, New York at Cleveland and Kansas City at Minnesota.

The only afternoon action in the National League finds Milwaukee at San Francisco. Under the lights, St. Louis at Philadelphia, Cincinnati at Pittsburgh and the Chicago Cubs at Los Angeles Dodgers.

### EL TAPPE WILL MANAGE CUBS

El Tappe will pitch the Chicago Cubs for an "indefinite period" as the club temporarily absconded its rotating coach plan. The other seven coaches will continue to rotate among the Cubs and their Minor League affiliates.

### FAMED TRAINER DIES

One of horse racing's famed trainers died of a heart ailment yesterday at the age of 78 in Lexington, Ky. Ben Jones had trained six Kentucky Derby winners, including triple crown winners "Whirlaway" and "Citation." During his 40 years as a trainer, Jones saddled one-thousand-919 winners.

### 12 GOLFERS GIVEN CHANCE TO WIN

At least a dozen golfers, including one amateur, are given a chance to capture the National Open which gets underway at Birmingham, Michigan, tomorrow. A field of 150, including four-time winner Ben Hogan, and Sam Snead, who has never won the event, will tee off. Defending champion Arnold Palmer, top money winner Gary Player, and Amateur Jack Nicklaus are rated high among the favorites. The host practice round was turned in yesterday (Tuesday) by Bob Shields of Quincy, Illinois, who shot a 66.

### UPSET VICTORY

First ball power by English imports Ron Hackman and Sam Lawrie powered Montreal Concordia to an upset, 2-1 victory last night over Karlsruhe of Germany at an International Soccer League game in Montreal. Hackman, playing his first game for Montreal since being acquired from Crystal Palace, scored on a goalmouth scramble in the 30th minute after Centre forward Ken Leek, another English star, set up the play. With only a minute to go in the half, Little Lawrie, one of the six English imports now with Concordia, scored the preflight goal of the game.

## Sunderland Tigers defeat Valencia in baseball play

Sunderland (P.N.S.) Sun- with a poor attendance of fans during Tigers played their second home game against Valencia on Saturday evening with the home team ending up in front by a score of 3-2.

The teams played scores ball until McK of Sunderland scored on a hit by Jewell in the seventh inning.

In the eighth, B. Mark and Sweetman scored for Valencia to put them ahead 2-1, but in the bottom of the inning the Tigers came back and scored two to put them ahead 2-2.

The game was called in the ninth inning on account of darkness.

Sweetman and McFadden both pitched very steady ball. It was a very well played game.

**STARTLING REVELATIONS**  
Writing in this Toronto Telegram under the caption "Let's Find Out," Andrew Macfarlane has come up with some startling revelations about the process by which Ontario's legislature is elected. He says that according to the terms of the Magna Charta, could not dissent against the will of the majority, and that the freedom of his property within the province is no longer true. He says that the only way a man can today to dissent is by being elected to the legislature, and that the freedom of his property by any different means is not true. He says that the only way a man can today to dissent is by being elected to the legislature, and that the freedom of his property by any different means is not true.

We believe it will interest readers and perhaps stir them to the legislature to read what this researcher has discovered about exploitation. He writes in part: "The legislature is a body which has the right to reign right to take and bestow it upon a most varied group of enterprises."

In Ontario, it is possible to be "exploited" by or for many two dozen sorts of authorities apart from federal, provincial and municipal government. The University of Toronto is a trustee of a cemetery. Telephone, pipeline and hydro companies have exploitation powers.

You can be exploited for the purpose of building a park, a conservation area, a wilderness, a fairground, a rail line, a hospital, a sanatorium, a school or a university.

AMONG the authorities whom you may exploit are agricultural societies and the Ontario Land Board. The procedure for taking land and paying for it is as simple as the bodies with exploitation powers.

Free lawyers, let alone homeowners, have a perfect knowledge of all these procedures.

To the ordinary citizen they are incomprehensible.

A select committee of the Ontario Legislature is now studying a bill under which all exploitation proceedings would follow a uniform procedure. The procedure for taking land and paying for it is as simple as the bodies with exploitation powers.

And if more laymen and politicians could have a thorough understanding of exploitation law, they would be able to do something to stop the arbitrary of an individual's right to enjoy reasonable security of ownership.

It is a cruel and inhuman urban life for more and more authorities to make greater and greater use of exploitation powers.

**BUT WAR NEVERTHELESS...**  
Many people probably do not regard the current cold war as being too serious... They feel as long as there is no shooting going on, no nuclear bomb being dropped, or general warfare being waged, they aren't in too much danger. But is this so?

Lindsay had a man in his midst this week who doesn't believe it is. As a matter of fact, he believes that the current cold war could very well result in victory for the Communists without the firing of a single shot! If the Western powers allow this to happen, the Communists will be able to achieve their dupes.

This man is Ron Gostick, editor and publisher of the Canadian Intelligence, a veteran of World War Two, and an expert of Red tactics.

Mr. Gostick told a Canadian Legion audience that the Western nations chief objective in the current cold war is to make the Communists believe that the psychological war should be to be the Communists line to anyone offering it can be deflected.

Mr. Gostick pointed out that he wished to stress the need for his quoting from the findings of the Americans has is not the hydrogen bomb but world ignorance of their tactics.

One of the great strides toward world domination the Communists have made in the last 15 years were pointed out by the speaker who said that the information movement of the Communists is the scheduled by \$100 per cent in that time... from a movement controlling 200 million to one engulfing a 1,000 million people.

The fact that the Communists are so badly in world influence was blamed on the "new kind of warfare" in which it is engaged, one of an unconventional kind, employing methods not known to the Western world, and therefore understood by large masses of well-intentioned but uninformed people. "People of Christian heritage," he said, "let us hope they are easy targets for Oriental scheming deception."

Mr. Gostick called the successful of what he termed "Operation Nibble" the successful nibbling off of a small operation of the world. They are gaining by "Operation Nibble" what they couldn't gain by taking major military action if large chunks were taken at once," he declared.

These were among some of the things which were laid out to make people look for a Communist in every dark corner, but to alert them to the fact that the West is now engaged in mortal combat with the Communist movement and to urge lovers of freedom to defend themselves by resisting those things which would rob them of it.

**YOUTH IS PROVED INNOCENT**  
On various occasions we have called attention to the great harm which can be done by the press, radio and television through the use of names, especially among those of youthful years and most certainly before the war.

We charges have been heard and the case disposed of. We maintain that the commercialism and the exploitation in this is borne out by a recent development right here in Ontario. The industry has been the people in the area where the youth lives that the following review of his case has been submitted in the hope that it will undo some of the harm which has been done. We did

## ON GETTING ON IN LIFE

When Gladstone resigned as Prime Minister of Britain he was 85 and probably didn't think that when A.P. anyone could as comfortably as he did. When A.P. anyone could as comfortably as he did. When A.P. anyone could as comfortably as he did. When A.P. anyone could as comfortably as he did.

Queen Victoria herself was no longer young (nearly 74) when she took the Grand Old Man's place.

He did not publish the account of the trial involving this young man but he was pleased to comment on the character of the man who had been so "listless in this character" reference by his neighbours.

It reads: "On dismissing Rein from court on Monday morning, Magistrate L. E. Moore told him that he was very pleased to have received such high recommendations from several people and from influential members of the community. Mr. Breeze, president of the Lindsay College, said: 'The Lindsay family, and later on in other countries, has settled here where they have established a home that is a credit to the community. Among their proud possessions are their own business and their own property.'"

**THE BIG BECOME BIGGER AND THE SMALL BECOME FEWER**  
The latest reading of a bill which would permit the amalgamation of two financial institutions, the Hon. David Croft made some observations before the Canadian Senate which must have occurred to many people in the light of recent developments. We believe his remarks bear repeating at this time. Quote Mr. Croft on Lindsay:

"Honourable senators, it is not my intention to oppose this bill. I take this opportunity, on the motion for third reading of the bill, to make some observations before the Canadian Senate which must have occurred to many people in the light of recent developments. We believe his remarks bear repeating at this time. Quote Mr. Croft on Lindsay:

## Reports and Remarks...

It may be that an aged person is able to handle his job as long as he handles it well. When Gladstone resigned and regretted, not that, but "only the cause" —failing eyesight.

It may be that an aged person is able to handle his job as long as he handles it well. When Gladstone resigned and regretted, not that, but "only the cause" —failing eyesight.

The fact is that chronology is a poor measure of a man's fitness. Of the many judges who retired this year because they were over 75, there may have been some physically and mentally able yet to add lustre and glory to the bench. Someone has said that a similar rule applied to the Senate would create 33 vacancies.

At a conservative estimate of 100 applicants for 300 seats across the land. This indeed, could be the nucleus of a widespread campaign for Senate reform.

In contrast to those who don't quit even when they grow old are the many who can hardly wait for the day when the magic age of 65 has been reached according to the pension plan, and they can say goodbye to what some call the old rat race. Some of these people would be keen to coast at 15 and the influx of "security" has been known to be a topic of intense interest to young people who have hardly started their careers. Why bother to live if there's no adventure?

James Lewis Milligan, a poet of some renown, died at 87. That, and a near relative, was his real age. When he was in his 60's, he was a year older than was W. L. M. King, who was a fellow-reporter of the old Toronto Globe. In the mysterious way that some of the old Kings told to the aging Mr. Milligan became, not older than Mr. King, but a year younger! Mr. Milligan, it is reported, was writing when had a week of his death, and was usually, if less actively, at work a full 22 years after a property set upon pension plan would have put him out to grass.

It is a beautiful word, "security" for by security are meant food and lodging and little more. Disease, the freedom therefrom, might be security, but no actuary would guarantee that —The Printed Word.

**NO REASON FOR FEARS ABOUT ANOTHER 1929**  
"Warnings sounded recently by Keith Puntin, president of the New York Stock Exchange, regarding the dangers of over speculation, doubtless have been causing some concern among Canadians who have been watching the stock market average to new high levels during the past few months. One occasionally hears, as a matter of fact, the question asked as to whether we might experience a stock market slump along the lines of that which caused so much havoc in 1929.

There have been no indications in the tone of the warnings of the New York Stock Exchange and the tone of the New York Stock Exchange regarding a possible repetition of the 1929 market crash. Restrictions imposed on stock market operations today would appear to obviate any such possibility. What Mr. Puntin obviously fears, however, is a possible setback to the stock market of such dimensions as might, to some extent, impair public confidence in the state of the economy.

## OK fixing fire hall floor if price kept within \$3,000

Permit has been given to Lindsay's property owner to fix the floor in the fire hall for as long as he handles it well. When Gladstone resigned and regretted, not that, but "only the cause" —failing eyesight.

## Number on welfare up 5 times in year

Council discussed the welfare, said Councillor Macfarlane problem Monday night after chairman Leslie Neil revealed that 46,000 welfare cases had increased since the previous year. The number had increased since the previous year. The number had increased since the previous year. The number had increased since the previous year.

Mayor Holton suggested the number of the rolls be cut down some. He suggested the number of the rolls be cut down some. He suggested the number of the rolls be cut down some. He suggested the number of the rolls be cut down some.

Mr. Neil said the figure was up 5 times in the year. He said the figure was up 5 times in the year. He said the figure was up 5 times in the year. He said the figure was up 5 times in the year.

Insofar as conditions in this country are concerned, it has been emphasized by George A. Cruikshank, executive vice-president of the Montreal and Canadian Stock Exchange, that they differ from those prevailing in the United States to a degree that would be no reason for concern among Canadians regarding the stability of the financial markets. Using as an indicator the volume of credit various exchange of securities figures to demonstrate that the extended to stock brokers and customers by members of the Canadian market was lower at the beginning of the present period than in 1957. During the April this year than it was in November, 1957. During the April this year than it was in November, 1957. During the April this year than it was in November, 1957.

Pointing out that loans to members of Montreal, Canadian and Toronto Stock Exchanges amounted to \$3 million in 1957, compared with \$11 million in 1956, and \$11 million in 1955, Mr. Cruikshank said: "Although there are no comparative figures available for the years 1929-29 there is no question as to the comparative magnitude of the present situation."

Of course, does not mean that dangers do not exist for the stock market buyer in the recent upsurge in the market price of many stocks. A warning that caution should be exercised, however, does not necessarily mean that there are inherent dangers in the stock market situation, which, as Mr. Cruikshank pointed out, contrasts with official government figures, are not there.

Q. How can I remove artificial fruits?

A. Wash them carefully with warm water and soap, and dry well.

Q. How can I remove a stain from a white shirt?

A. Rub a small amount of cream on your shirt, and gently coat the fruit with a thin film of rolling between your fingers. This will help the delicate fragrance and give the fruit a natural-looking finish.

**TAKE CARE OF YOUR LAWN**

Grass doesn't necessarily benefit from mowing; it is only beneficial if the leaves are so long that they smother the grass and the roots are smothered and the grass undergrowth. But mowing does remove the appearance of the lawn.

The mower should be sharp. The grass should be cut by a Dept. of Horticulture, O.A.C. If it does mow is used, the grass will be cut over and over and the lawn looks brown. Also, young and poorly mowed grass will turn yellow.

Now new grass before it begins to mow. The grass will stand up by itself. It may be clipped lightly when it is about 2 to 3 inches high.

With established lawns, don't clip less than 1/2 inch. If you clip less than 1/2 inch, you will not cut one inch of growth in the out-of-town press. "chewing the grass" is going out of fashion. It will grow too tall, the lower part will be bleached and ugly.

## LORNEVILLE BARN FIRE DESTROYS 200 CHICKS

The second barn fire in the Lorneville area within three weeks was attended by volunteer firemen from Kirkfield Sunday.

Fire Chief Wilbert Grant of Kirkfield reported the complete loss of a barn owned by Mrs. Melvin of Lorneville. The fire took place at about 10:30 a.m. on Sunday. The barn was about 30 by 40 feet and was used for storing chickens. It was located about 100 feet from the house.

The fire was caused by a short circuit in the wiring. The fire spread very rapidly and destroyed all of the chickens. The firemen arrived within 10 minutes and fought the fire for about 30 minutes. The fire was completely out by 11:30 a.m.

The fire caused a loss of about 200 chickens. The fire was the second in the area within three weeks. The first fire was caused by a lightning strike and destroyed a barn owned by Mr. John of Lorneville.

## "Killing the goose"

The Editor

The Lindsay Daily Post

Dear Sir:

Let me congratulate you on the editorial entitled "Killing the Goose" published May 31st, wherein you stated that property taxes are becoming out of control and that the ability to pay them is becoming a burden. It makes one wonder when it becomes a burden. It makes one wonder when it becomes a burden. It makes one wonder when it becomes a burden.

How CAN I ???

By Anne Ashley

Q. How can I remove artificial fruits?

A. Wash them carefully with warm water and soap, and dry well.

Q. How can I remove a stain from a white shirt?

A. Rub a small amount of cream on your shirt, and gently coat the fruit with a thin film of rolling between your fingers. This will help the delicate fragrance and give the fruit a natural-looking finish.

**TAKE CARE OF YOUR LAWN**

Grass doesn't necessarily benefit from mowing; it is only beneficial if the leaves are so long that they smother the grass and the roots are smothered and the grass undergrowth. But mowing does remove the appearance of the lawn.

The mower should be sharp. The grass should be cut by a Dept. of Horticulture, O.A.C. If it does mow is used, the grass will be cut over and over and the lawn looks brown. Also, young and poorly mowed grass will turn yellow.

Now new grass before it begins to mow. The grass will stand up by itself. It may be clipped lightly when it is about 2 to 3 inches high.

With established lawns, don't clip less than 1/2 inch. If you clip less than 1/2 inch, you will not cut one inch of growth in the out-of-town press. "chewing the grass" is going out of fashion. It will grow too tall, the lower part will be bleached and ugly.

Lightning strikes a barn owned by Mr. John of Lorneville. The fire took place at about 10:30 a.m. on Sunday. The barn was about 30 by 40 feet and was used for storing chickens. It was located about 100 feet from the house.

The fire was caused by a short circuit in the wiring. The fire spread very rapidly and destroyed all of the chickens. The firemen arrived within 10 minutes and fought the fire for about 30 minutes. The fire was completely out by 11:30 a.m.

The fire caused a loss of about 200 chickens. The fire was the second in the area within three weeks. The first fire was caused by a lightning strike and destroyed a barn owned by Mr. John of Lorneville.

### RED STRATEGY EXPOSED!

#### Urges full support of defence minister

"Weakness is the road to war and I suggest that Canada's Minister of National Defence deserves the support of every member of the Canadian Legion—of cheerleaders of freedom everywhere who keep Canada in position of strength during these perilous days."

This statement was made last week to a near capacity audience in the Canadian Legion, Lindsay, by Ron Gault, a member of the Sir Sam Hughes Branch's annual banquet. Mr. Gault made this suggestion after outlining the three-point strategy being adopted by Communists in Canada to undermine national unity in the interests of achieving world domination.

Number one on the three-point attack, he said, is the current campaign to stir hatred for Germany—to build up a picture in the minds of the people, open eyes to wounds, because the future of Western is going to be at the top of a coming struggle. If this strategy is successful, the West might then be in a position to negotiate with Khrushchev into the "Communist camp," he warned.

Mr. Gault charged, was the nuclear disarmament proposal. He said that the Communists are using this proposal to disarmament the Russians want ("we are unable to get them to agree on general disarmament") because they know the side which destroys its armaments is at the mercy of the other side that does not.

There are no nuclear demonstrations in Russia because they haven't the freedom to protest openly. On the other hand, in this place to enjoy the freedom of the enemy—"We find difficulty negotiating from a position of strength and you can imagine what it would be in a position of weakness."

The third and most insidious point in the Communist strategy is to undermine Canada and Western morale, Mr. Gault stressed. He said that the Communists are making use of experiments carried out on animals and applied to the human level. He said, "This, the speaker added, consisted of a process of brainwashing, of indoctrination and threat, until eventually the will of the individual is completely broken and offers no resistance."

## Aileen Flett named director of nursing assistants' school

The new Memorial Hospital staff has been appointed Director of the Certified Nursing Assistants' School which will open this fall.

Hospital Administrator Eric Frenborn told "The Post" that Miss Aileen Flett would be director of the school.

Miss Flett has worked at the Lindsay hospital for several years. Much of it is the pharmacy. She holds a certificate in teaching in schools, for nursing from the University of Toronto, and has had several years' experience as a nurse preparing for registration.

## Excessive speed on curve blamed for fatal accident

Excessive speed on the Rosedale curve has been blamed for an accident which took the life of 19-year-old James Pollard, son of Janet Pollard, 41, of Janetville.

James Pollard was killed early last month. Such was the finding of a coroner's jury after the trial of Dr. W. B. Croft to enquire into the fatal accident. Smooth tires on the ill-fated vehicle were mentioned as a secondary factor in causing the accident.

Witnesses heard evidence from 19-year-old John Wallace of R. B. Lindsay to the effect that he and his companion on the fatal ride had had some beer during the evening preceding. He said they had had three beers each and testified that neither of them had ever been seized their way very difficult getting, served on that or previous visits to Lindsay beer parties.

Witness said he remembered the mind of the accident. He said he heard no warning yell

from his companion or did he feel any application of brakes.

To Crown Attorney Lorne Jordan, he said the car was "cruising along about 70" when it reached the curve. He said Pollard was not always in the habit of driving so fast, but he did not think the judge affected his driving or judgment.

Evidence by Dr. M. E. Goeman was that Pollard died of severe chest injuries consistent with his chest having come into contact with the car's steering column.

OPP Const. Dale Coe testified regarding his findings at the accident scene.

Nes Pollard, father of the deceased, said he did not think his son was familiar with the stretch of highway where the accident took place.

He asked if he thought his son was driving too fast on this occasion, the father replied: "It would be his own opinion."

## Composite school committee have until 26th to submit proposals for expanded LCI

Four sub-committees to bring in report at special session.

Members of the Fenelon Composite School Committee have until Tuesday night to submit their report on some of the proposals for a substantial addition to the present Lindsay Collegiate. The committee was organized by the Victoria County High School Area Board as a result of a resolution passed to the Department of Education not later than 1958. It was also noted that any work done under the government program, which would cover 100 per cent of the cost of building and equipment, would have to be completed and paid for by March.

A rough sketch, outlined to members on a visit to Lindsay Tuesday by officials, follows the following for Lindsay: a new building, machine shop, industrial chemistry, electrical.

Some members felt the program was a bit ambitious and that there would be no school space to house it.

Chairman D. M. Thomson felt the quickest way to expedite matters was to break down the project into separate committees.

Four committees were appointed to study structural, financial, and population, equipment and curriculum.

All four are preparing re-

## Six North Ward homes entered, little stolen

Six home break-ins and one attempted break-in in the North Ward last night are reported by the investigation by the Lindsay Police Department at the present time.

Police Chief John Hunter stated on Friday that investigations have already extended to the Toronto area.

Only \$12 in cash is reported missing so far, said the Chief.

## Ornamental swimming, diving being added to pool courses

Ornamental swimming and diving will be added to the list of courses in swimming instruction available at the Rotary Swimming Pool in Lindsay this year.

Regular courses, from beginners to masters, and royal life-saving courses. This has been arranged by Recreation Director Don Church.

Mr. Church also says that the swimming pool will be equipped starting Monday with children and students. Formal

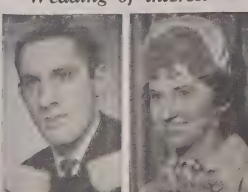

no articles are yet reported missing.

Two nights previously, a home was entered on Howard Avenue, but nothing was reported missing, and about two weeks ago two other homes were entered, with nothing stolen.

Police are requesting the assistance of residents to re-minis to go far, said the Chief.

Mr. Pennock, assistant teacher at LCI has been engaged as pool manager, and Mrs. Barbara Truitt will be chief instructor.

## Wedding of interest

Pictured above is the former Jean Elizabeth Bryson and William Maynard Chamberlain, both married recently. The bride, who is the daughter of Mr. and Mrs. Stewart Bryson of Lindsay, is also a second year arts student at the University of Toronto. Mr. Chamberlain, the son of Mr. and Mrs. Roland Chamberlain, of Owen Sound, has received his Bachelor of Science degree in biochemistry from the University of Toronto. He also has been awarded a grant from the University for post-graduate work to obtain his doctorate.

## Home most important school

At the home is and always will be the most important school.

That was the conviction of Dr. Edith Peterkin, Belleville pediatrician, expressed at the 39th. Catholic Women's League Peterborough diocesan convention.

Speaking at the convention banquet held at Old-More Lodge on Sturgeon Lake, Dr. Peterkin said it was in the home that the pattern of Christian living was first seen and experienced by the child and it was there that his personality began to form.

"Here he begins to find himself and to become what he is," explained the speaker.

Dr. Peterkin said that in the home it is difficult for a Christian not to feel troubled at the challenge posed to

Christian living.

She noted that in the East "rag" traffic often was being made to control rapidly rising populations; in peaceful L.C. cities, the divorce rate was exceeding the birth rate.

"In Canada, in some degree we share all these problems," she pointed out.

## BASBALL SLEUTHS

Even clubs with a fairly big baseball employ several full-time scouts to search for new baseball talent. They follow up every possible hint or lead and they become very experienced in "picking winners."

## Shuffleboard series ends, winners awarded prizes

Shuffleboard players at the Canadian Legion wound up a series of playing at the Casino on Friday night, and some very keen competition had been witnessed by those interested for the past several weeks. When the curtain came down on this great F.P.P. Annual Event for Shuffleboard the winners were as follows: 1st prize - Peter Kyrus and L. Whitcombe chain lounge, 2nd - Tom Ferguson and Les Thoecker, boat cushion and tires; consolation - Ken Messer and Lawrence Smith, - Harold Innes and Joe Buette, Legion ash trays.

Chairman Marj McPherson was given great credit for creating such great interest in the shuffleboard tournaments and the boys in the canteen who participate in this sport, from day to day throughout the season, were commended for their display of sportsmanship. Many sports fans spent by the boys in the canteen throughout the year.

Valentia

Mr. and Mrs. Wabekins and daughter Marie, of Sudbury, visited her sister-in-law Mr. and Mrs. Ken Mark.

Those from the community that took the bus trip from Lindsay to Belleville and had the privilege of visiting the School for the Deaf were: Gordon Grilla, Mrs. Cecil Casey, Mrs. Art Hicks, Mrs. Roy Grilla, Mrs. Jack Condon, Mrs. George Madcock, Mrs. Boyd Sharpe, Mrs. Cepha Jordan.

The Baptiste Service was held in the United Church by Rev. Arncliffe, when Gregory Starr, son of Mr. and Mrs. Gordon Starr; Blair C. Hicks, son of Mr. and Mrs. Art Hicks; John K. Parkin, son of Mr. and Mrs. Robert Parkin, were baptized.

Mr. and Mrs. Lorne Sanderson visited their daughter Mr. and Mrs. Gerald Tamblin, Markham.

Mr. Bob Vickery, of Bracebridge, and his father Mr. Reg. Vickery, of Lindsay, called on his sister Mrs. Laverne Hood and Mr. Hood.

Mr. Albert Fletcher, Paris, is visiting her father, Mr. Norman Ray.

Mr. Robert Parkin has started out working in his territory taking the 1961 census.

Mr. and Mrs. Francis Kowalski and family of 23a Marlborough, attended the Baptism service at Valentia Church and visited at the home of their daughter Mr. and Mrs. Robert Parkin.

## Small boat, big tie up

One of the reasons for planning a bridge to span the Rosedale narrows is illustrated in the two pictures above. In the upper photo the swing bridge is opened to allow a small craft to pass through the narrowness of the way to Balsam Lake. What happens while the bridge is open on these occasions is shown in the lower picture—traffic piles up at either end of the bridge. There are two schools of thought as to the type of bridge needed to place the present structure but no final decision has been reached in the wake of representations made by the two factions. There is general agreement only on the need for a different type of bridge.

## United Church Evening Auxiliary entertained by Anglican WA

Sunderland P.M.S. The members of the Anglican W.A. entertained the Evening Auxiliary in the basement of the United Church.

The president, Mrs. Harold Bole, welcomed the guests and took as her theme "The Time of Growth." She gave a reading on "Plant a Garden."

The program was followed by prayer including the "Confession of Sin." The prayer was equally shared between the two societies.

Mrs. Jack Miller, Mrs. Len Oldfield, Mrs. Harold Bole, and Mrs. Betty Gave, presided at the luncheon served by the ladies of the Anglican Church.

The program was followed by a hymn and prayer. Mrs. Dobbie then turned the meeting over to Mrs. C. Shier, president of the Evening Auxiliary.

Mrs. Harold Bole then read "Paul's Prayer." This was followed by a duet by Marie Fair and Maxine Morrow.

The collection period was taken and the devotional period closed with a hymn and prayer. Mrs. Dobbie then turned the meeting over to Mrs. C. Shier, president of the Evening Auxiliary.

Mrs. Shier stated how pleased she was that the ladies of the two churches had this together every year.

First on the entertainment programme was a very amusing skit "Clara's Bear" in piano duet by Mrs. Annur reading on "Plant a Garden."

Martin and Miss Bole. The next on the programme was a piano duet by Mrs. Annur reading on "Plant a Garden."

## HOW MANY HAVE A BANK ACCOUNT?

Chances are they all have! Because nowadays practically everybody is a bank customer. And they go to the bank so often and for so many reasons: to deposit savings, arrange a loan, buy or sell foreign exchange, purchase money orders... In fact, Canadians seem to use banking services more than the people of any other country! The chartered banks, for their part, do their utmost to make each branch a friendly, efficient centre for every kind of banking service.

## CONTROL GARDEN PESTS

During a wet season such as this, your slug can cause a lot of damage in home vegetable plants. They feed at night and eat the leaves of lettuce, beans, corn, cabbage and many other vegetables. They eat holes in tomatoes and the roots of many plants.

To control slugs, use a vegetable slugging bait containing methidathion, suggests Professor Howard Goble, of the Botany Department at the Ontario Agricultural College. Spread this bait on the garden in the evening, place heaping teaspoons in places about the plants, near or under the plants to be protected.

If you have got your vegetable garden from soil, chances are that you will have difficulty with cutworms. Control them

now, to prevent trouble in the future. These caterpillars cut the plants off at ground level, or they may eat the foliage during the evening or night. Control before or after planting with E's slugs, chlor-dane, or heptachlor. Ditch the soil along the rows, or spray with one of these materials at the rate recommended on the manufacturers' label. A 5% DDT diet, if applied heavily is effective.

Most insecticides are poisonous to humans and animals; follow the label directions carefully. Take special precautions concerning the interval of time between treatment and harvest.

**Q** Can I simplify the cleaning of Venetian blinds?  
**A** Try using some old clothes socks or gloves. Put a sock or glove on each hand, put some wax cleaner on one, and leave the other one dry so that it can be used for polishing after the wax has been applied.

**Q** How can I remove the skin from beets more easily?  
**A** Place beets in hot water for a short time, then drain off the hot water, and immediately fill the vessel with cold water. The skins will then come off very quickly.

**Proud of the result**  
The men shown in the photo, left, are proud of the result of their concentrated barn-building effort on the farm of Harold Hall, south of Little Britain. Working under the supervision of carpenter Harvey Webster, the men erected the 42 x 136 foot Pearson rather barn in just over two weeks. ... At the left, the finishing touches of the interior fixtures were being put on. Described as being an "open type" barn, all harvest is stored from the floor up in the upper portion without the obstacles found in the conventional type barn with its upright, beams and so forth. This barn accommodates 22 cow stalls, 4 cattle stalls and 12 pig pens. The difference in cost, according to the contractor—

Just a look up which is the more expensive. Shown in picture are, left to right, M. Courtenay, R. Hardy, B. Wyse, A. Welch, Ed Thurston, George Varcoe (a neighbor), Harvey T. Webster, carpenter, Harvey Hall (son of the owner), Harold Hall (owner), A. Webster (son of the carpenter), and A. Hardy. Absent at the time was Ab. Kingsmith who had been working on the structure. Right is a picture of the new barn which replaces the one destroyed earlier by fire of recent origin. Mr. Hall's neighbours helped raise the new barn on June 12th and by June 17th it was ready for storing hay.

## 140 EMPLOYEES AT SCHULTZ TURN OUT WIDE VARIETY OF DIE-CAST PRODUCTS

According to Mr. G. F. Clark of Schultz Die Casting Co. of Canada, business in the past few months has been very encouraging and there is reason for much optimism. The last count shows that the plant has turned out in the neighbourhood of 3,000 separate items and that the company has between 150 and 200 customers. At the present time the plant has 140 employees on the job.

**HISTORY**  
The Schultz Die Casting Co. of Canada started here in the fall of 1959 when the plant in Walsenburg had been closed down.

The company was incorporated in 1959 and is one of the oldest and largest area die-casters. The plant here is headed by Schultz in Toledo, Ohio.

**PRODUCTS**  
The company makes just about every conceivable type of accessory. The plant serves most of the major industries. Some of the numerous products include auto horns, chimes, wire, name plates, marine hardware, like boat hooks, flag holders, various handings and gears, bath hardware such as faucets, taps and many more articles.

**PRODUCTION**  
In a "Cook's" tour of the plant, conducted by Mr. Gordon Pepper, many of the interesting phases of the production of a product were pointed out. The plant, it was explained, is one of a very few that make their own alloy on the premises. The production covers everything from the raw product to the finished material including painting, machining and plating.

The huge furnaces are run on natural gas. Remarkable on this, Mr. Pepper said "We're probably the largest consumer of natural gas in Lindsay". It was noted that the raw material was melted in these furnaces and if an alloy was needed, the extra materials are added. Once the material has been melted down, it is piped along to casters where it is fed into large machines which have large casts and these dies give shape to the product. After the cast has been filled with the alloy, it is pressed in the process taking around seven seconds. The die is cooled immediately with a fine heavy jet of water.

The next step in the production line is the trimming department. Here, the dies are cut from the molds and are trimmed of all excess pieces. If the product is to be plated, then that step follows the trimming. This process includes washing, cleaning, and the final step is the plating itself with whatever type of coating the consumer wants. The last two steps are the packing and shipping.

**LAYOUT**  
The plant is laid out so that a process can take place in a little time as possible. Totalled, a complete process takes one-and-a-half hours, Mr. Pepper noted.

The furnaces are located in the southwest corner of the plant. The entire west side houses the casting machines. In the centre of the plant is the trimming and cutting department. The plating is located on the east side and the packing and shipping department is on the south and southeast portion of the building.

**REPAIR SHOP**  
Schultz Die Casting has its own repair shop where it repairs or patches up dies that have become the worse for wear. This, it pointed out, saves both time and expense for the company and its employees. Re-tooling can be

Wilfred B. Rea

Wilfred Bruce Rea, of Oshawa, passed away in Lindsay on June 1, 1961 in his 83rd year. He died after an illness of six weeks.

The deceased was born in Reabro and was the son of the late Mr. and Mrs. William Rea. He had resided in the locality of Oshawa for 40 years and before moving there had resided in Regina, Sask. and Reabro. The late Mr. Rea was educated at Reabro Public School and was a member of the United Church, Oshawa.

The funeral was held on June 3 at the Mackay Funeral Home, Peel St., at 3 p.m. Rev. K. J. Crawford, conducted the service and interment was in Riverside Cemetery, Lindsay.

The pallbearers were Bert Pogue, Jim Robinson, Herman Shaw, Harold Welch, Milton Shaw and Ivan Downey, all of Oshawa.

## Lindsay CWL celebrates 40th anniversary

The Lindsay Council of Catholic Women's League celebrated its 40th anniversary by gathering at the lovely country hotel at South Beach on Clark Lake for a reunion and a banquet. Many members took advantage of this occasion to attend and remembrance and the spacious living-rooms were filled with the pleasant hum of voices. Dinner was served in the quiet dining-room overlooking the forest and lake. Mrs. Bernard McGeeough, the president of the League, welcomed His Excellency Bishop of Peterborough, Rev. Fathers Carroll and Hart, the local clergy, Miss Mary Donoghue Diocesan President, the Men's Choir of St. Mary's Church, the past presidents who were seated at the head table and the members of the League, after which she asked His Excellency to invoke the blessing. This was followed by the singing of the National Anthem.

A pleasant interlude was afforded when, with Mr. N. Bisette at the piano and Mr. G. Mills leading, the ladies expressed song making some of the songs of long ago. Edgar Smith contributed a solo "Giddy Giddy" and the ladies sang "Giddy Giddy".

The chairman called for Mr. Hart's report and to give her account of the history of

## Haliburton

Mr. and Mrs. Christie Anderson of Oakwood, are spending a holiday in the village. Mr. and Mrs. Allen Sholer of Hamilton, are visitors with relatives here.

Mr. William Glidden is now home from Toronto. Mr. Jack Rale, of Toronto, spent some time here. Friends of Mr. J. M. Rae are pleased to know he is home from Hunter Memorial Hospital where he had surgery. He is doing very nicely. Mr. and Mrs. James Stead and Stewart, of Oakville, were visitors here. Paul Boehm visited in Oakville this week.

## Victoria Road

Mr. and Mrs. Steve Crowley of Toronto spent some time at the home of Mr. and Mrs. Howard Russell.

Mr. John Thompson, of Ontario, a former resident of a few years back, visited a number of his friends. Mrs. Wilbert Newman who is employed in Lindsay is now spending a couple of weeks holidays at her home here.

Mr. and Mrs. H. Jackson, of Elyria, Ohio, and Dr. Armstrong, of Peterborough, Ont., spent a day recently, visiting Mrs. A. Shields and Mr. Jack Davis.

Mr. George Craver and family, of Richmond Hill, visited their relatives Mr. and Mrs. Jack Craver.

The W. A. of St. Thomas' Anglican Church held their monthly meeting at the home of Mrs. George Taylor near Kirkland. There were eight members and two guests present. There were the usual social and devotional periods. Plans were made for a bake sale to be held in July at the residence of Mr. Jack Taylor.

We regret to report that both the minister of St. Thomas' Anglican Church and the United Church are on the sick list. Rev. Taylor of St. Thomas' is at present in hospital in North Bay after undergoing surgery and Mr. John Seel of the United Church is at his home in Toronto recovering from a short illness. Trusting that replacements have been made at both churches.

Mr. and Mrs. Humphrey of Toronto have moved into the building formerly owned by Mr. Wm. Macdonald. After making necessary repairs and alterations it is understood he intends to use the machine work on his premises.

## Showers honor bride prior to her marriage

Previous to the marriage of Joan Marshall to Armond Hoggsworth, Mrs. Ralph Allen and Misses Jean and Helen Alousy gave a surprise kitchen shower on behalf of the Ontario County Junior Farmer choir of which Joan is a member. Before the beautifully wrapped gifts were opened everyone wrote out a recipe, then the travelling gift of a no-

dupe life ended up at the bride's home. A **SUPPER PARTY** The girls on the staff of the Ontario Hospital Bank of Commerce, Lindsay, had a super party at Vern Grady's and presented Joan with several lovely gifts. The bank also presented her with a lovely Cornwallis Casserole.

**MISCELLANEOUS SHOWER** Recently many friends and neighbours met at McIndoo's School for a miscellaneous shower. A programme of humorous verses and piano selections was followed by the address by Mrs. Olive McDonald. The couple received a large number of useful and lovely gifts for which they both replied fittingly.

Lunch and dancing brought the very enjoyable evening to a close.

**United Press International**  
CONFER WITH WASHINGTON, MOSCOW  
The leaders of the pro-western and Communist-backed factions in Laos are conferring with Washington and Moscow today. General Phoum Nosavan, strongman of the Loyalist government of Prince Boun Oum, is flying to Washington from the Geneva peace talks to confer with U.S. Secretary of State Rusk and S.C. envoy Averell Harriman. Rebel leader Prince Souphanouvong has left for Moscow and Peking before, returning to Southeast Asia. Both men are seeking support in the power struggle for the Laysan.

**REFUSE TO CONFIRM OR DENY**  
Reliable sources in Paris say President De Gaulle is ready to allow American nuclear bombers to be stationed in France again. But the sources say De Gaulle will insist on France sharing control over use of atomic weapons carried by combat bombers. French government officials refused to confirm or deny the reports.

**HEARINGS RESUMED TODAY**  
Public hearings of the U.S. Maritime strike will be resumed today by President Kennedy's fact-finding team. Their report is due on the president's desk by Friday. On the basis of that report, Kennedy is expected to seek an 80-day back-to-work order against the striking seamen. Last night, at an off-the-record session the board tried to induce the shipowners and unions to return to the bargaining table.

**NEW ROUND OF TALKS**  
For the first time since 1958, U.S. Auto Makers will sit down with the United Auto Workers in a new round of contract talks. General Motors opens the bargaining to date, followed by Ford tomorrow and Chrysler on Friday. But auto men say they don't know what the demands of UAW chief Walter Reuther will be, and Reuther says only that he will be tough but flexible.

**WILL INVITE THEM TO HIS PLACE**  
A group of integrators in its planning a trip to Dearborn, Michigan, and Mayville, Illinois, says they will invite them to his office for tea when they arrive. The group says it will allege segregation of some downtown restaurants in the nearby all-white city. However, Hubbard brags aside charges of racial bias, says there is no discrimination in his city.

**SIGNIFICANT TREND**  
A Protestant leader said there is a significant trend toward Christian unity as the Lutheran World Federation Executive Committee opens its second day in Warsaw. Dr. Franklin Fry praised Pope John the 23rd for creating a climate of "greater friendliness than ever before" between Catholic and Protestant churches. Fry added, however, that "unity is not to be won by the return of one part of the Christian church to another, but by uniting the Christian churches."

**CAN'T AFFORD TO SIT BACK**  
Prime Minister Diefenbaker says Canada cannot afford to sit back and wait for new customers if it hopes to expand its trade. Speaking in Rostow, Saskatchewan, last night, he says Canada should not only go after new business in the traditional open markets of the commercial trade but in new countries. He added that the government has been pushing hard to have Canadian milling companies set up in new mills in newly-developing countries. "... a move designed to promote the use of four in countries that have not used it before."

**WEATHER VANE PUTS TO UPSWING**  
The president of the Canadian Manufacturers Association—F. D. Mathers—says the economic weather wave points to a business upswing. In a speech prepared for delivery to the 2nd Accountants Convention in Vancouver today, Mathers said increasing investments, rising employment, more bank loans and technological improvements are the significant factors in the upswing.

**BURNING OUT OF CONTROL**  
A fire is burning out of control in downtown Orlita, Ontario, today and so far destroyed one of the town's best known restaurants. Firemen are using oxygen tanks in an effort to get at the center of the fire. It broke out about 8 a.m. (EDT) and was still out of control seven hours later.
